

## Etesia Attila AC60/AH75 Range

### Why Etesia Is Different

### Brushcutter Mower

These professional walk-behind brushcutters stand out for their exceptional power, ideal for tackling tall grass and stubborn undergrowth. Their robust design ensures durability even in tough working conditions.

Height adjustable handlebars: 3 positions, lateral displacement of the handlebars make it better for slope work, hand guard integrated into the handlebars make these machines extremely comfortable to operate. With a reinforced steel case deck reduces maintenance costs and provides shock protection. Having larger diameter wheels and hydrostatic transmission gives excellent grip when working on slopes.

Model	AC60	AH75
Cutting Width	60cm	75cm
Engine	Kohler Command Pro CV200	Honda GXV 390 OHV
Nominal Rated Power	5.3hp	10hp
Drive	Hydrostatic 2-rear wheel drive	
Forward speed	0 to 5km/h	
Recommended Area	3,000 Square Meters per day	
Fuel tank	1.4litres	2.1l
Weight	124kg	148kg
Differential Lock	Yes	
Adjustment Cutting Height	Centralised on Handlebars 50mm, 75mm and 100mm
